

The logo for FLEX is displayed in a stylized, bold font with a red outline and a white fill. The letters are set against a dark blue circular background that has a white, brush-stroke-like border. The 'X' is particularly large and has a sharp, white diagonal stroke through it.

Focused Learning for Employment eXperiences (FLEX)

FLEX teaches:

Independent living skills, Organized instruction, Work based learning within businesses in the community, Self-advocacy skills, Personal and social skills, Vocational skills

FLEX

The emphasis of FLEX program is gaining vocational opportunities as well as working on independent living skills. The students spend time interning within businesses in the community as well.

Adult daily living skills including employment, self-help, self-advocacy, budgeting, time-management and safety are taught during this program.

FLEX prepares students to meet their postsecondary goals in an inclusive and age appropriate setting. We work with community businesses and adult agencies to help students meet their full potential in the areas of employment, independent living, personal recreation, adult education and community.
